Cleanr Mow offers the benefits of its experience and quality service to area residents. The professional team has been providing lawn care in Winnipeg and surrounding area for two years.

Winnipeg MB: Cleanr Mow and Kristian Zoppa are pleased to announce that they are celebrating the milestone of two years in business. Since 2015, the company has proudly served residents of Winnipeg. For quality lawn care in Winnipeg, Cleanr Mow experts use efficient methods to take care of large or small lawns. The company specializes in lawn care and everything that goes into maintaining a great lawn, including spring cleanups, aeration, power rakes, weekly visits and consistent attention to details. Each customer receives a personal iron-clad, risk free 200% guarantee of satisfaction.

The services are easy to access with the online booking process. Customers can select the size of the lawn and the services which are to be performed. Cleanr Mow will add the property to the comprehensive routing software and it will be mowed accordingly. Customers can relax and enjoy their free time which is available by hiring a lawn care professional through Cleanr Mow. The pros provide customers with 5-star service from start to finish.

Spring and fall clean-ups, including lawn aeration and power raking, is available at an affordable cost. Full season coverage includes spring and fall attention, as well as weekly cuts throughout the summer. Before and after pictures are available upon request for those who want to be able to approve the results. The experts will also do shrub trimming if requested.

A spokesperson for the company explained, "We recycle clippings back into the lawn, where they act as a natural fertilizer to improve the health of the lawn. We use commercial grade mowers which are excellent at mulching the grass clippings, so that bagging and hauling away is unnecessary. We generously provide each of our clients with outstanding customer service to give you the best looking lawn possible. If you are unsatisfied with our results, we will re-do it or even pay a competitor to re-do the job."
