

McDonough's Focuses On Minneapolis Market For Drain And Sewer Cleaning Services

April 19, 2017

April 19, 2017 - PRESSADVANTAGE -

McDonough's has announced that they are now focusing their drain and sewer cleaning services on the Minneapolis, Minnesota area. The drain and sewer cleaning company is based in St. Paul and provides a range of services for clients in and around the Minneapolis region.

Customers interested in learning more about the company can visit unclogdrains.com - Minneapolis Drain Cleaning Company. McDonough's is a family owned and operated company that has more than 20 years of experience in providing residential and commercial drain cleaning and sewer services. They serve home and business owners as well as industrial facilities throughout the Twin Cities and surrounding regions.

Clark Young, a representative for the company, says, "We pride ourselves on the services that we provide as well as the relationships that we establish with our customers. We don't look at your sewer or drain work as something we do for money. We look at these jobs as something that we do to make your life a little bit easier."

Young says that the company specializes in unclogging drains and offers video drain inspections as well as

advanced water jetting for complicated drains. More can be seen on their social media page at Facebook - Unclog Drains.

"We use the best in advanced pumping equipment for dry and wet materials," says Young. "Or a combination of the two. We'll vacuum up anything that will fit in the hose."

The company states that they are always safety conscious and work out of two shops, both of which are located in the St. Paul and Minneapolis area. They offer around the clock commercial emergency services throughout St. Paul and Minneapolis and urge home and business owners to contact them at the very first sign of a clogged drain or other sewer related problem.

Home and business owners in and around the Minneapolis area who would like to learn more about McDonough's - MN Sewer Service can visit the company on their official website where a list of service areas as well as services offered can be found. The company also provides a convenient online service request form on its website.
