April 17, 2017 - PRESSADVANTAGE -

Albany-based carpet cleaners offer reliability, quality and affordability to area customers. The service area includes Albany, Salem and the surrounding region.

Albany OR: Albany Carpet Cleaning Services and Tami Jones are pleased to announce that they have reached a milestone of 28 years in business in the Albany, Eugene, Corvallis and the Salem area. ACCS is a reliable cleaning company providing high-quality professional services. The company is available any day of the week. The cleaning company offers other services such as upholstery cleaning and stain removal and the company delivers results by using the years of expertise in the industry.

According to a company spokesperson, "We offer special deals for carpet cleaning of both home and commercial properties throughout Oregon. We work with a variety of clients ranging from regular homeowners to landlords and property managers. All our carpet cleaning professionals have background checks. The company does mattress cleaning, move in and out carpet cleaning, as well as 24-hour emergency service and water damage restoration. They can handle upholstery cleaning, wall-to-wall carpet cleaning, residential air ducts, flood restoration and Oriental rugs. No matter the condition, size or fabric, we get them cleaned perfectly."

The professionals use cleaning equipment and supplies provided by industry leaders. A convenient time and date which works best for the customer is selected, and the local cleaners will arrive to take care of the cleaning project. As a local company, ACCS has been serving Albany and the surrounding cities with advanced equipment, courteous and professional, background-checked personnel for more than 28 years.

The website lists three reasons to clean carpets with Albany Carpet Cleaning Services. The life of the carpet will be extended, saving money on the investment in the carpet. The house will look great. Clean carpets are an indication of the overall cleanliness of the residence. Finally, the home will be healthier. Carpets hold allergens and dirt. Professional carpet cleaners will get the job done, ensuring that the air the family breathes is healthy.
