

ProPlus-Menage Provides Environmentally Friendly Spring Cleaning

April 18, 2017

April 18, 2017 - PRESSADVANTAGE -

ProPlus-Menage offers residential and commercial cleaning services throughout the Greater Montreal area. The company provides for eco-friendly cleaning to the South Shore, Laval and the North Shore.

Montreal QC: ProPlus-Menage (Compagnie de ménage) is pleased to announce that the firm offers spring cleaning, moving cleaner services and commercial residential cleaning to area residents. A variety of cleaning services are available, ranging from routine maid services to a one-off move-in or move-out cleaning. The team is knowledgeable and experienced in methods and techniques which get the cleaning job done, without harm to the environment. Each customer is offered a 100 percent satisfaction guarantee.

Maid service (femme de ménage) provides cleaning services to residential and commercial households in Montreal, Brossard, Candiac, St Hubert, the South Shore, Laval and the North Shore. The professional team offers customers the opportunity to accomplish their major cleaning, whether it is spring, summer or winter. The cleaners work from the to-do lists of the customers, allowing them to free themselves of the chore. Customers no longer have to spend their beautiful sunny weekends doing annual cleaning personally.

Some of the typical tasks that can be completed by the residential and commercial household cleaning, Compagnie de ménage Montréal team include washing of walls and ceilings, window cleaning and cleaning of household appliances, furnishing and floor coverings. ProPlus-Ménage offers customers the best cleaning by ensuring that the franchisees and cleaning team maintain the best training and measurable cleaning process.

The environmentally friendly cleaning services incorporate ecological cleaning products that will not erode or damage the customer equipment or furnishing. The franchisees are all trained to assess the needs of the particular case and choose the appropriate cleaning products. The approach ensures the best results with no impact on the health of staff, customers and the environment. The household cleaning and cleaning concept allows the company to provide customers with a personalized service from the staff and housekeepers at an affordable and competitive price, while respecting the standard work plan of the housekeeping firm.
