

## House Painter In Smyrna GA Announces Customer Satisfaction Guarantee

*April 26, 2017*

April 26, 2017 - PRESSADVANTAGE -

Fresh Coat Painters of Smyrna, Georgia, have announced that they are now offering their customers a 100% satisfaction guarantee. The company states that customer trust is something that they take very seriously and to reward that trust, they are providing a guarantee that ensures 100 percent satisfaction in every job they undertake.

"People these days are being taken advantage of by companies that simply do not put their customers first," says Alex DeLeon, owner of the Smyrna painting company. "We want our customers to know that we will never charge them more than our quote. We will never leave them with a painting job they are not happy with. We believe in giving back and want nothing more than to provide our customers with the most outstanding paint job in the region, guaranteed."

DeLeon says that his company believes that professional painters should produce professional results and that customers should be completely satisfied with the job that has been done. He states that the company's 100% Happy Guarantee ensures that customers are perfectly happy with the final results. The company guarantees complete satisfaction, per the agreed contract, with no disclaimers and state that they only

receive payment once the job is done and the customer has indicated that he or she is totally satisfied.

This guarantee is unique to the painting industry. While many companies offer satisfaction guarantees up to a certain point but this would normally involve repainting of the job if customers are not satisfied, and most guarantees have limitations. DeLeon says that his company is going far above and beyond those traditional guarantees.

"We aren't going to simply offer paint touch ups to try to appease you," DeLeon declares. "When we say 100% happy, we mean completely satisfied. This means that if you are not happy with our work as agreed upon, we will do whatever needs to be done/redone from top to bottom with no additional cost to you."

The painting company of Smyrna, GA home owners can count on, has quickly become a five star rated company due to its quality of work, integrity, and 100% customer satisfaction guarantee. Many customers praised this guarantee and the fact that they put it in writing. Those interested in learning more can visit the company online.
