April 20, 2017

April 20, 2017 - PRESSADVANTAGE -

Koehn Electric offers sixteen years of knowledge and experience to area residents in Turlock, California. The company is built on honesty, dedication and happy and satisfied clients.

Turlock CA: Koehn Electric and owner Jonathan Koehn are pleased to announce that they have reached a milestone in business. They have been providing electrical service in the Turlock, California for more than sixteen years. The Turlock electrician firm is built on honesty, dedication and keeping its clients happy and satisfied. Quality service has been the mission and commitment to all customers. The professional team is experienced and knowledgeable in the residential, agricultural and commercial field.

In a recent interview, Jonathan Koehn explained, "Our goal is to provide solutions and service for your new, remodel, and expansion projects. You can save money on your energy bill every month with a modern home lighting system. From renovations to new construction, we are the electricians for the job. We bring the same expertise to every job, from our residential to commercial to industrial clients."

The business philosophy is based on prompt project completion and a punctual and professional staff. A Master Electrician has the knowledge and experience to complete every project on time and on budget. The company is fully insured and bonded to ensure peace of mind for customers and professional staff alike. Local ownership and operation helps to maintain the knowledge and connection with the community.

Commercial customers are welcome, as Koehn Electric professionals apply years of experience to all electrical contractor needs. The firm offers hassle free agricultural services. The team of pros offers quality solutions to customer's farm electrical needs and concerns. Common issues which arise in residences, businesses and agricultural venues are no power at the plug, lights failing to come on and breakers which repeatedly break.

Online quotes are easy to obtain with the user-friendly website and quote pages. The team of professionals will follow up with customers to provide information, quotes and support for projects large and small.
