

The Barn at Mader Farm To Host Marriage Seminar

April 20, 2017

April 20, 2017 - PRESSADVANTAGE -

The Barn at Mader Farm offers an updated venue with a patio, trellis system, wheelchair accessible restroom and Groom's Silo and Man Cave. A marriage seminar is scheduled for May 5th and 6th.

Genesee ID: The Barn at Mader Farm and Cindi Mader are pleased to announce that they have been busy updating their venue with a newly constructed 1,650 sq. ft. patio with the addition of a trellis system this spring. They have also added new wheelchair accessible restroom facilities and a one of a kind Groom's Silo, plus a Man Cave. As part of their expanded venue, the company will be hosting a marriage seminar on May 5 and 6.

One of the most beautiful wedding venues in Idaho is in the rolling hills of Genesee. The Mader Farm location is a short distance from Lewiston and Moscow, Idaho, as well as Clarkston and Pullman, Washington. The Barn is not just a unique wedding venue, but a modern, working farm which sits in rolling fields of wheat, barley and chickpeas. The quiet, rural location is a perfect setting for an outdoor, country wedding.

The facility is a clean, renovated 3,500 square foot barn which can host approximately 250 guests, with

plenty of room for tables and dancing. The Mader's have been busy updated the electrical, with each outlet on its own circuit providing plenty of electricity for caterers, music, decorations and entertainment. In front of the structure is a new 1650 square foot pattern paver patio, providing a beautiful space for outdoor wedding ceremonies, dancing and dining.

According to Cindi Mader, "Your wedding is a once-in-a-lifetime event. Preserve your country wedding memories with photographs next to our 1940's farm truck, antique wood wagon, rope swing, hay bales, sturdy barn beams, or in front of the beautiful red and white doors at The Barn at Mader Farm."

There is a cozy, country decorated Bridal Suite, a unique Groom's Silo and a separate Man Cave for extra guests, small groups, bachelor parties and other events. The upcoming marriage seminar is a video-based production from Family Life. It will be facilitated by Tony Masterbaradino and hosted by Dan and Cindi Mader.
