Car Dealer In Connecticut Is Chevrolet Dealer Of The Year

April 27, 2017

April 27, 2017 - PRESSADVANTAGE -

The KARL Chevrolet Company in New Canaan, Connecticut, has announced that they have been awarded the 2017 DealerRater Consumer Satisfaction Award. The award is an annual recognition that is given to auto dealerships that deliver outstanding customer service as rated by online consumer reviews. DealerRater, one of the world's leading car dealer review websites, created the Consumer Satisfaction Award program to let online car shoppers instantly spot dealers that provide high-quality customer service.

Leo Karl III, President and General Manager of The KARL Chevrolet Company, states, "We've been serving lower Fairfield County since 1927. Winning the award is a great way to celebrate our 90 years in business. It really boils down to serving the customer in the best possible way and this award is really a testament to the success of our approach and our amazing, family-like staff."

The Chevrolet dealer in CT says that they have always believed that customer satisfaction is more than just a phrase. Karl says that it is the company's way of doing business and this is what has kept them in business for the better part of eight decades. He points out that this is the reason why they were chosen for the prestigious award and why they have so many repeat customers.

Karl states that whether customers are looking for a Chevrolet Suburban in CT or any other Chevy vehicle, their staff members would always be happy to help. He says that their service team is also dedicated to great customer service and works hard to deliver maintenance services in a timely manner and at competitive pricing.

"We have customers that have been with us for years," says Karl. "Most often, they bought their first car from us, and now they're buying for their children or grandchildren. It's this kind of commitment to our customers and this type of community bonding that keeps us going strong."

Customers in the area who are interested in learning more about the Chevrolet Bolt EV dealer or the award that they have won for outstanding customer service can visit them on their official website.
