

AllFitRecipes Launches New Recipe Website

April 26, 2017

April 26, 2017 - PRESSADVANTAGE -

Allfitrecipes offers a new website dedicated to easy and healthy recipes. The recipe categories make finding food prep solutions fast and convenient.

Converse IN: Allfitrecipes and Marian Bridik are pleased to announce the launch of their new recipe website and blog. The recipes focus on healthy ingredients and easy preparation methods for today's busy households. A convenient search tool is incorporated into the website so that recipes containing a particular food ingredient can be filtered easily. The search tool allows filters by food category, cuisine, ingredients and keywords. The website is an online recipes portal which promotes new cooking ideas and exchange of information in the culinary niche.

Easy tabs allow website users to choose from Latest Recipes, Most Favourite Recipes, Most Liked Recipes, Top Rated Recipes, Chicken Recipes and Coffee Recipes. Easy meal recipes are accepted by submission from readers from a wide range of expertise and skills. The founder of the website is passionate about cooking and recipes and enjoys sharing with others who may have an interest in the area. There are interesting and informative articles on a variety of related subjects which are posted on the website.

?Great and healthy cooking is always evolving and growing,? Marian Bridik explains. ?We believe careers in restaurants and culinary fields, including healthy living and healthy food are very important to our future. To encourage further education in this area, we have created the AllFitRecipes.com Culinary Scholarship for Undergraduate and Postgraduate students. One passionate individual will receive a \$1000 award, just for applying and expressing their interest in the subject.?

The new scholarship was created for 2018, with a goal of awarding to a student each year from 2018 onward. More awareness to the scholarship and increased value is expected in future years. Any undergraduate or postgraduate student currently studying culinary fields, health-related subjects or nutritional subjects may be eligible to apply and win the scholarship. The first award will be made in May of 2018.

For more information about them, visit <https://allfitrecipes.com>.
