

Porsche Service Pasadena CA Independent Professional Celebrates Three Decades Of Experience

May 08, 2017

May 08, 2017 - PRESSADVANTAGE -

Burbank-based PS Racing offers thirty years of experience specializing in the Porsche line of automobiles. The independent specialty shop for all models of Porsche upholds the highest level of customer service.

Burbank CA: PS Racing and owner-operator Doug Weaver are pleased to report that they have been providing performance and repair services for Porsche automobiles. The Porsche service Pasadena CA shop is located in downtown Burbank and is dedicated to providing each client with proper care and attention. Doug and his highly qualified team have served Porsche vehicle owners from Glendale, Santa Clarita, Toluca Lake, Beverly Hills, North Hollywood, Pasadena, Shadow Hills, Sylmar and other nearby areas.

The range of Porsche models which is served by the facility include the Boxster, Carrera, Carrera GT, Carrera ('95 to '98), Panamera and Cayenne. Both service and maintenance are available. Only the finest parts are utilized in the work and all procedures are backed with the warranty, so that all clients can have confidence in the provided service.

According to Doug Weaver, "As owner and operator of the company, I have direct control over customer satisfaction. Clients tell me they really appreciate this philosophy, as they avoid the red tape which is usually encountered at a dealership. My three decades of experience in the industry has helped me to understand the many problems and routine services which Porsche autos undergo. Car mechanics might nickel and dime you over unnecessary services, but PS Racing is dedicated to providing you with honest service."

The efforts of the PS Racing professional team include the annual service and maintenance, as well as airbag system maintenance, professional transmission services and brake fluid flush. These services help to maximize the performance of the customer's luxury vehicle.

Porsche owners can check the website to find specials and discounts on some of the common services which are provided by the company. Coupons available online can be applied at the time the service is completed. Discounts on specified parts can also be applied.
