Home Buyer Houston is a new business recently launched to assist those who want to sell a house quickly. The reasons for the desired sale range from a job transfer to foreclosure.

Houston TX: Home Buyer Houston and Johnny Chen are pleased to announce the launch of their new real estate-based services. The firm offers the motto of 'We Buy Houses' and 'Sell My House Fast' as a much-needed philosophy for those in need of rapid divestment from unwanted or unaffordable property. The operating procedures provided by the firm removes burdensome mortgage documentation and lengthy waits for funding, inspections and closing dates. The offer provided by the Houston firm is simple, easy to understand and rapid.

Speaking for the Home Buyer Houston team, Johnny Chen explained, "Irrespective of the reason for your need to sell, if you own an unwanted house and want to sell quickly, we can help. Your listing may have expired, the house may be sitting vacant and may need repairs. Houses that are in foreclosure or are

included in a divorce settlement are no problem. If you owe liens, or want to be out from under an estate sale we buy. We don't balk at houses which are 100 percent financed.?

These are common problems which can affect people in many circumstances. The services of Chen and his team can provide solutions quickly. In the past, homeowners had to wait for a real estate to sell the property. With little or no equity in the house, options are even more limited. It can even be necessary to pay out additional funds at the property closing.

?Here is a better solution,? says Chen. ?Sell your property to us. We buy houses from people in situations such as yours in almost any area, condition or price range. We specialize in finding creative solutions to real estate problems that others won't touch. We can pay all cash, take over your payments or lease-purchase your house immediately. We handle all the paperwork, make all the arrangements and close within a few days if necessary. You will get a quick sale with no hassles, so you can put your worries behind you.?
