

GM Landscaping OKC Owner Gerry Melton Takes Volunteer Slot At Children's Hospital

May 08, 2017

May 08, 2017 - PRESSADVANTAGE -

Oklahoma City-based landscaping company principal Gerry Melton is enjoying a stint as a volunteer at the local Children's Hospital. The activity is a way of giving back to the community in a positive way.

Oklahoma City OK: GM Landscaping and Gerry Melton are pleased to announce that volunteering at the Children's Hospital is a new leisure-time activity for the landscaping OKC principal. The same attention to detail and interaction with people is demonstrated in the philosophy of the landscaping firm. The company has many years of experience in the landscaping, irrigation, fence and overall exterior beautification of residential or commercial property for its clients. A home is not complete until the details of the exterior have been refined with a beautiful landscape design.

According to a spokesperson for the company, "We understand that not every job is exactly the same and that our clients have varied preferences. We take pride in taking into consideration the needs and wants of the material used in every project our customers dream up. It is a true blessing to be able to give a client the yard of their dreams and create a sanctuary for them and their family. Affordability, quality and superior customer service comes with every project and we are always eager to earn your business by going the extra mile."

The mission of GM is to serve clients and the community by providing high-quality landscape services and constantly improving those services through property management and continued education of the clients and the professionals. The extensive knowledge in the industry allows for providing quality products. The highest quality plants and trees are selected, suitable for the climate and environment. The professional staff also consider the reliability and functionality of the design for each client's preferences and lifestyle.

Landscaping, as provided by GM professionals, is about more than plants. The team can create a luxurious environment around a swimming pool or a dramatic entrance to the property. The landscape designers look for creative solutions to property drainage, as well as up-to-date irrigation systems. Retaining walls can assist in providing solutions to challenging terrains. Aesthetically appealing hardscapes and custom fences are

available to suit the client's lifestyle and preferences.
