Spring in the Air, a flower delivery service in Miami, FL, prides itself on delivering beautiful bouquets and flowers for every occasion. They have recently released a new line of luxury roses in a range of different colors. Furthermore, they have launched their VIP membership club, which ensures that clients will never again have to miss a special moment.

Sergio Cadena from Spring in the Air says: "Roses truly are the ultimate flowers. They are suitable for any occasion because they come in many different colors. They are also extremely romantic and have various uses, such as when declaring love or when expressing an apology. We pride ourselves on our range of roses, and we also recommend that everyone sign up to our VIP membership club so that they can always be kept up to date on our new offers on roses."

According to Spring in the Air, members of the VIP club were the first to know about the new line of purple roses. These currently come in a bunch of 25, which represent protection, commitment, enchantment, and love at first sight. Those who are members of the VIP club also receive an exclusive discount if they purchase these roses, or any other product.

Those who have ordered them - mainly men for their wives or girlfriends - have been tremendously positive about the quality of the flowers that were received. "My wife just got these today, B Day gift and she loves them," says Will on the company's website. "These are some of the nicest roses I've ordered for her and she is very happy with them. Thanks for the timely delivery also. I definitely plan on ordering more roses from this particular company, thanks."

Because roses are flowers of celebration, Spring in the Air has now also created bouquets of Happy Birthday roses. Sergio Cadena adds: "If you are looking to show someone you really care, why not send them some happy birthday roses on their special day? Birthdays are often marked with presents and parties, but you can set yourself apart from the rest by splurging on a wonderful bouquet of long stem roses."
