Spring In The Air Launches Exclusive Purple Roses

May 22, 2017 -
Spring in the Air, a flower delivery business in Miami, FL, is proud to announce the launch of their purple roses. It is incredibly difficult to find such flowers, particularly in the lavender shade that the company has been able to source. They are available on auto-ship, and VIP club members receive an interesting discount on all orders.

"Our purple and lavender flowers are truly out of this world," says Sergio Cadena from Spring in the Air. "They're often sent as congratulations flowers, or used in proposal and bridal bouquets, not in the least because of what they represent: protection, commitment, enchantment, and love at first sight. These bi-color flowers are extra special, because they symbolize the combined meanings of each hue."

The purple flowers usually come in a bunch of 25. This means that people can order two dozen roses and have one spare for an even more romantic gesture. Because the darker lavender and purple flowers represent protection, royalty, mystery, and commitment, they are quite commonly given at anniversaries. Meanwhile, the flowers with lighter shades of lavender and purple are especially romantic, because their primary meaning is 'love at first sight'.

Cadena adds: "It is easy to see why our lavender and purple flowers are so popular. This truly is about as

romantic as you can get, be that for a proposal, Valentine's Day, wedding anniversary, or just to tell that special person how much they actually mean to you."

Indeed, it seems that those who have purchased the flowers have done so mainly for romantic reasons, and they have been very happy with what they have received. "Guys, if you want to impress her, be sure to order Spring in the Air roses," says Kathy H. on the company's website. "They are amazing - bigger, more aromatic and more fresh than others I have ever purchased or received as a gift. Women love roses and they love quality. You will not be disappointed."

While the name of the company is Spring in the Air, they hope that, through their work and amazing selection of flowers, a little more love will be in the air as well.
