Sullivan's O'Neill's Chevrolet Buick, a Connecticut Chevrolet dealer, is proud to announce the arrival of the all new Chevrolet Bolt EV. The dealership is committed to always offering their clients the newest models of vehicles, as well as to make the entire shopping experience as easy as possible. The dealer is one of the first to officially stock the new Chevrolet electric vehicle.

Sean Sullivan, President and General Manager of Sullivan's O'Neill's Chevrolet Buick, says: "At O'Neill's Chevrolet Buick, our entire team works together to provide you with the ultimate Buick, Chevrolet shopping experience. We are here to exceed your expectations, deliver the best service possible, and make car shopping fun again."

Sullivan encourages anyone interested in the Chevrolet Bolt All Electric Vehicle to contact the company and speak to one of the members of the highly trained sales staff. These staff members have been fully informed about the specifications of the new Bolt EV, as well as of its benefits. They are keen to discuss the various details with those who are considering the vehicle, either as their first electric car or as an upgrade.

Employees from the service department have also been trained in the new Bolt EV. This ensures that should anyone ever have a problem with the vehicle, it can be resolved straight away. Sean Sullivan adds: "When we offer a new vehicle in our dealership, we make sure that we are experts on it first. Whether someone simply has a question about the car or needs to fix the most complex part, we are there to help them."

Sullivan's O'Neill's Chevrolet Buick also offers a wealth of finance options for those interesting in purchasing any new vehicle, whether it is the Chevrolet Bolt EV or any other Chevrolet or Buick vehicle. People are encouraged to speak to Lou Martin, business manager at the dealership, about the various financing choices.

The company is a respected Connecticut Chevrolet Bolt dealer and for good reason. With a commitment to quality and to innovation, they look forward to seeing the new Bolt EV leave their showroom with happy customers.
