

David Shannon, DDS, Porter Ranch Cosmetic and Family Dentist, Announces Patient Referral Giveaway for 2017

May 25, 2017

May 25, 2017 - PRESSADVANTAGE -

Dr. David Shannon, DDS, a family and cosmetic dentist in the Porter Ranch ? Northridge, California area has announced his Big 2017 Patient Referral Giveaway. The prize to be awarded this year is a seven-day Mexico cruise for two. Dr. Shannon says, "It's a great way to earn yourself a nice vacation while doing something good for a friend or loved one. This seven day cruise is something we think most patients would be delighted to win."

The contest, details of which can be found at <http://www.davidshannondds.com/cruise>, is easy to enter, according to Dr. Shannon. Simply refer one new patient to his office and, as soon as that person comes in for an appointment, the referring patient is entered to win the cruise. Shannon says that it's even possible to receive multiple entries for referring multiple patients. There is no limit on how many patients can be referred and it's not necessary to be a current patient in order to refer someone new. The complete rules and details are available on the website.

The seven day cruise to Mexico includes ports of call such as Cabo San Lucas, Puerto Vallarta, and Mazatlan. The cruise will sail from Los Angeles, California on Princess Cruises and it departs on or about May 5, 2018.

"Patients have until January 1, 2018 to refer new patients," explains Dr. Shannon. "but the new patient must complete their appointment before the drawing takes place. Because there's no limit on how many entries you can get, if you know a lot of people who need dental care, send them our way."

Dr. Shannon says that the reason behind the cruise giveaway is to get more people to see a dentist. He states that many patients dread or put off dental work, or feel that it's not important. He wants to encourage his patients to coax their friends and family members into getting the dental care they need because taking care of your teeth and gums is extremely important to overall health.

He calls the giveaway a win-win, stating, "People who need dental care are going to get it, and those who care enough to refer them to our office are going to have a chance to take an amazing vacation. What could be better?" Shannon also likes to point out, "The odds of winning should be great. Even if we get terrific participation, the drawing pool is still likely to be in the hundreds, not thousands."

Those interested in learning more about the services offered by Dr. Shannon's dental office can visit his site at <http://www.davidshannondds.com>. The Cruise Giveaway rules state that all referrals must be made and appointments kept before January 1, 2018. A winner will be chosen on January 8, 2018 and the winner must reserve a cruise stateroom no later than February 18, 2018. The cruise will sail from Los Angeles around May 5, 2018.
