July 26, 2017 - PRESSADVANTAGE -

Most insurance brokers and agencies focus solely on home, business, and vehicle insurance. However, a West Palm Beach, FL insurance agency is proud to announce that they now also offer marine insurance. Covering many areas across Florida, the agency has observed that marine insurance is something that many local residents have a need for.

Pete Steiner, owner and founder of the insurance agency, says: "The most common insurance policies taken out nationwide are home, business, and car insurance. Naturally, those are the areas of focus for most insurance agencies. However, we pride ourselves on working with local communities and we have noted that there is a huge need for marine insurance in Florida. Hence, we also now offer that particular type of policy and, as always, we focus on finding the most suitable policy for individual needs, including personal budget."

AC Insurance Services offers a wealth of marine policies for people to choose from. However, their specialization is on insurance for boats, jet skis, and personal watercraft. Pete adds: "Our boat insurance policies come with plenty of options for specialized coverage, such as Roadside Assistance, On-Water Towing, Total Loss Replacement and more."

Their jet ski and personal watercraft insurance policies offer equally significant features. These include the half a million liability limit, various deductibles, medical payments coverage, water skis coverage, unlimited use, fuel spills, personal item coverage, roadside assistance, and wreckage removal.

According to Pete: "Like many people, you may be tempted to insure your Personal Watercraft (PWC) on your homeowner's policy. However, the typical homeowner's policy provides only minimal PWC coverage. Thus, it may not include specialized coverages, such as Total Loss Replacement, Personal Effects or Fuel Spill Coverage."
