

## **Rhino Marking and Protection Systems Partners With Third Annual 811 Run**

*June 10, 2015*

June 10, 2015 - PRESSADVANTAGE -

Rhino Marking & Protection Systems, occupying an office space in Corporate One office building, announces the third annual 811 5k Run on August 2nd at Lake Calhoun.

Rhino Marking & Protection Systems offers a variety of posts, signs, and markers to fit each type of trail or to protect buried facilities, help ensure worker safety, and protect the environment. Rhino Marking is the manufacturer of the Rhino TriView? post, a highly visible triangular design that ensures that your message can be seen from any direction. Durable and flexible, unlike flat posts it withstands repeated vehicle impacts from any direction and still returns to its original upright position.

Rhino also provides a rugged, lightweight line of fiber-reinforced marker posts layered with its exclusive PolyTech Coating?, blocking ultraviolet light from reaching the fiberglass core of the post for at least 10 years. This protects the post from fading. Along with protecting the color of the post, it helps prevents the fiberglass from being exposed and causing slivers.

Rhino's employees serve on Common Ground Alliance (CGA) committees and are involved in the regional CGA in Minnesota.

"Our mission is to deliver innovative products that protect people, property, and the environment through effective communication," says John Hohol of Rhino Marking.

The third annual 811 Run returns to Minnesota on August 15th to promote calling 811 before any digging project. All proceeds from the 811 Run will go to Firefighters Operation Warm, an organization that provides warm winter coats to children in need.

The 5K run/walk will take place around Lake Calhoun at 8:11 AM followed by a kids fun run. After the race there will be an awards ceremony, prize giveaway and safety fair for the family. Whether you're a runner, walker, or supporter of this great cause, stop out and help save a life. All runners/walkers receive free locates for life. Last year, 2014, the 811 Run donated over \$14,000 to Operation Warm.
