North Carolina Real Estate Company Extends Reach To Include Lake Norman

June 23, 2017

June 23, 2017 -
ROOST Real Estate, which is based in Mooresville, NC, has announced that they have increased their geographical reach. They now also offer Lake Norman real estate services. The company has developed a simple three-step selling process to make it much easier for the homeowner. This has been proven to be successful in Mooresville and Lake Norman residents are excited to receive the same service.

John Mikesh from ROOST Real Estate says: "Whether you live in Denver, own Huntersville real estate, or are looking to sell anywhere else in the Lake Norman area, you will want to get in touch with us. There is no better way to get top dollar for your property than by hiring experienced, local real estate agents. We know the history of the area, as well as the upcoming developments, and can put it all together to accurately price your home and negotiate a sale."

The three step process that the Lake Norman realtors use starts with a free home valuation. This is followed by ROOST Real Estate's own marketing system, which ensures that the property is seen far and wide by those who are looking for a home. The final step is to sell the property itself. Mikesh adds: "We believe in keeping things simple, rather than confusing. The system works and we have a large number of happy clients

to attest to this."

One very satisfied client on Trulia says: "John Mikesh and his team have helped us sell our previous home and purchase our current home. It was obvious that John has a vast wealth of knowledge of the area, the market and the construction of homes. We have referred many of our friends to Roost, all of whom were very satisfied with their decision. Every person we worked with at Roost was friendly, professional and extremely knowledgeable."

Indeed, the company is known as the best realtor Cornelius NC has to offer, because they have been able to truly help a large number of people go through the process of selling their properties. People who are planning to sell their homes are encouraged to contact ROOST as soon as possible.
