

EpoxyColorado.com Is Offering Fort Collins Epoxy Floor Installed Within 24 Hours

June 15, 2015

June 15, 2015 - PRESSADVANTAGE -

EpoxyColorado.com, an epoxy flooring company in Fort Collins, CO is offering their 24 hour Fort Collins epoxy floor service to the general public. They are able to install a full floor in just one day, which then takes just 24 hours to dry. They hope that highlighting the swiftness of their service will encourage more people to have the floor installed.

"More and more people are becoming interested in having an epoxy floor installed in their garage", says Larry Cain from EpoxyColorado.com. "However, two things often stand in their way: the cost and the disruption to their home. We have developed a service that is not just affordable, but very quick as well. Our clients can have a brand new, fully functional epoxy floor in no more than 48 hours."

EpoxyColorado offers a free, no obligation quotation to all potential customers. This can be requested on <http://epoxycolorado.com/request-estimate.html> They are also keen to highlight the various benefits they offer, which includes how quick their service actually is. Furthermore, they offer a 15 year warranty on their flooring, which have a durable gloss finish. These floors have superior abrasion resistance, as well as being very easy to maintain. Epoxy is resistant to oils, chemicals and solvents and, finally, is an eco friendly type of floor with low VOCs.

Those who turn to Epoxy Colorado can also enjoy the ability to customize their floor. The company offers over 200 different choices in colors, which means it can also be used to make a garage look less drab. Furthermore, they are not limited to garage floors only, as epoxy can also be used in basements, patios, warehouse facilities, showrooms and many other locations.

"Our Amazing Garage Floor system starts with preparation", adds Larry Cain. "We prepare the surface of the concrete so the patented epoxy garage floor coating adheres to the surface and creates a remarkable bond. Our well-trained staff can install your new epoxy flooring as quickly as one day. Compare this to the industry standard and we'll have you parking on your new garage floor in less than a quarter of the time that most other epoxies require."

Potential customers are encouraged to take a look at the photo gallery released by Epoxy Colorado as well. This will give them a great idea of the endless possibilities these types of floors can offer and how they can be used. They can then request a free estimate for their own flooring, whether they are ready to actually have it installed or not.

Epoxy flooring is becoming increasingly popular across the country. By offering a rapid service at affordable prices, EpoxyColorado is taking Fort Collins and beyond by storm. With durability guaranteed, they certainly seem the best company to go to.
