

# **Palm Springs Ca. Wedding DJ Announces Grand Opening Of New Location**

*July 20, 2017*

July 20, 2017 - PRESSADVANTAGE -

MTDJ Event Director & Wedding DJ Joel Miller is proud to announce the opening of a new location in Palm Springs. The Southern California wedding DJ services provider will soon hold the grand opening for the new office. With such a move, the company expects to be able to reach a wider geographical area for their services. They will be providing music, entertainment and various services for events in San Diego, Palm Springs, Los Angeles, Orange County, Riverside, San Bernardino, Santa Barbara, and the Inland Empire.

Mr. Miller says: "We are not your typical Wedding DJ company, since we do not adhere to cookie cutter formats. Rather, we want to be a major part in the planning process of any wedding or event, regardless of where it will be held or what size it is. We promise to personalize any event to our clients' vision and specifications."

He adds: "Now that we have opened up our location in Palm Springs, we are far better equipped to receive prospective clients and discuss their needs. Furthermore, it has given us the opportunity to expand our geographical reach and ensure more people have the event of a lifetime."

One of the reasons why the wedding MC service has decided to open a second location is due to their rising popularity. Indeed, they have 100% 5-star ratings on Google+. Those reviews, which span parties from weddings to corporate events, all explain how happy people have been with the company's organization and delivery of the musical side of their events.

Jessica B., for instance, says on Google+ about the service: "Joel is the best DJ we could have asked for to have at our wedding. He made our day/night so much fun and kept the momentum going so everyone had an awesome time. He's amazing to work with and available whenever you need to speak with him. I highly recommend booking him for your event, he's top of the line."

People are encouraged to contact MTDJ Event Services for further information as soon as possible. They are also encouraged to visit in person the new Palm Springs office.
