Dave Silver Insurance - Medicare Experts, a Florida Medicare enrollment specialist based in Tampa, FL, is continuing to stay abreast of developments in the world of Medicare, including the effects of President Donald Trump's attempts at repealing the Affordable Care Act, also known as Obamacare. They focus on being a one stop shop for all medicare supplemental insurance plans in Florida, which include medicare supplement insurance, medicare advantage plans, medicare part D plans, and plans for veterans with medicare. They have recently announced that they now represent all plan options in every county in Florida.

Dave Silver himself says: "When it comes to your Medicare coverage, you must work with a company that will present all plan options in your county. What sets me apart from other agents, is I unbiasedly present all of your plan options, whereas other agents may work for or represent a single company and only show you that option. You're doing yourself a disservice if you don't look at all of your options and that's where I can help."

Dave Silver Insurance has placed a particular focus on Florida Medicare Advantage plans, also known as Part C. This is because this is available to anyone, at no extra cost, so long as they have been a legal resident of the country for at least five years. Yet, despite people being legally entitled to it, many forget to

apply for it. According to Dave Silver, their goal is to make sure that people of all ages and circumstances have the best coverage available to them.

This commitment is something that shines through in the numerous positive reviews that the agency has received. Meg, for instance, says on their website: "I was really confused about my Medicare. That's when I called Dave Silver. He was able to explain my options and answer all my questions. It was an absolute pleasure and a load off my mind. I would recommend him to anyone needing help with their Medicare."

Those interested in Florida Medicare supplement insurance plans or who have any other questions about Medicare are encouraged to contact Dave Silver as soon as possible.
