

Caribbean Overwater Bungalows Now Available In Three Resorts

August 09, 2017

August 09, 2017 - PRESSADVANTAGE -

CaribbeanOverwaterBungalows.net, a business operating out of Spring Hill, FL, is proud to announce that they have entered new partnerships with Sandal's three resorts. As a result, luxury overwater bungalows are now available at two Jamaican resorts: Sandal's Royal Caribbean and the Sandal's South Coast. Furthermore, they have also made available overwater bungalows at Sandal's Grande St. Lucian on the island of Saint Lucia. Bookings are now being accepted, but demand is high and rooms have already booked far into 2018.

Pearl Borden from Caribbean Overwater Bungalows says: "We are very happy to be able to offer three new destinations for our popular overwater bungalows. Jamaica and St. Lucia are two very popular Caribbean destinations for people from all over the world, and we want to make sure that luxury travelers can obtain as much enjoyment as then can out of these locations. Our properties, based over and on the water, are truly one of a kind, and we know that you will love them."

Indeed, Caribbean Overwater Bungalows is highly popular and many people have been eagerly awaiting the addition of Jamaica to their list of offerings. Jamaica is one of the most beautiful Caribbean islands, and one with many virgin and undiscovered areas. Although popular with tourists, it still offers plenty of areas with solitude and quiet, particularly in the overwater all inclusive resorts.

Those who have booked their vacations through Caribbean Overwater Bungalows have been very pleased with their experiences. "We took your advice and went to Jamaica," says one happy customer on the company's website. "It was a wonderful vacation, everything you said it would be. Your help with making the booking was such a relief. Knowing that I can use your services and still get the best available price was a weight off my shoulders. I recommend to everyone to call you and get their dream vacation."

Bookings are now being accepted for the three resorts. However, people will need to be patient because rooms have already been booked far into next year. Nevertheless, they will have to book as soon as possible if they want their waiting time to be as short as possible.
