Haymarket, Virginia - Patients looking for a new dentist in the Haymarket, VA and Gainesville, VA area can find a new patient deal at Lifetime Smiles. A new client exam at the dental office will now cost only \$79.

The new patient exam includes a complete dental exam, gum disease screening, four Bitewing X-rays, a regular cleaning if gum disease is absent, a color evaluation for whitening, and a personal consultation with one of the dentists onsite. The value of all of these services is normally more than \$250.

In addition to the new patient deal, the Haymarket dentist is now offering a free second opinion consult to any patients looking to reaffirm the diagnosis or treatment plan suggested by another dentist. Second opinion consults typically cost \$99.

Dr. Reangber says she hopes that the two new deals she is offering at both of her locations will allow people to have the chance to try out different dentists and find the right one for their specific needs.
