August 16, 2017 -
ROOST Real Estate, based in Mooresville, NC, has announced that they have added Lake Norman real estate listings. Their aim is to cover all of the Mooresville area and beyond, offering their clients the most unusual properties for sale. The company also prides itself on its easy to follow three step sales process, ensuring that those who wish to sell their property can do so with ease.

John Mikesh from ROOST Real Estate says: "We pride ourselves on having the most productive, knowledgeable and experienced Lake Norman real estate agents. All of our agents spend time familiarizing themselves with your property, so that they are all aware of the unique selling points of every home we represent. We are determined to get you the best price, by finding the best buyers for the property. Selling a home can be a stressful and downright overwhelming experience, and there is much to consider and understand if you are hoping to get the most value out of a sale."

Although they have only recently moved into this particular geographical area, the company has already set itself apart as employing the best Lake Norman realtors. This is due to the commitment the company has of only working with the most experienced realtors who know the area and also the community. This attention to

detail has earned them a highly positive reputation in the community. One client says: "The very best realtor ever either buying or selling. Great communication and by that I mean you don't have to call them to get a return call. The agent called every Monday whether for updates or just checking in. This is by far the most professional and honest and forthcoming realty group and I would highly recommend them."

Besides operating in Mooresville and Lake Norman, the firm also aims to set itself apart as the best realtor Cornelius NC has to offer. They encourage anyone who is thinking of selling their property, or who hopes to purchase in this area, to contact them as soon as possible to get the process started to sell or buy a home.
