

Minneapolis Commercial Cleaning Services Company Launches Rebranded Website

August 15, 2017

August 15, 2017 - PRESSADVANTAGE -

A commercial cleaning services provider that serves Minneapolis, MN, has announced the launch of its rebranded website. The new website is much more intuitive and also allows for greater customer interaction. In fact, it is now possible to schedule an appointment for a free quotation through the website as well.

Robin Handy, owner and founder of the commercial cleaning services provider, says: "Our previous website simply wasn't fit for purpose anymore. We felt that there was an immediate need to improve on that so that our clients could get a better idea of who we are and what we do. Furthermore, we wanted to make sure people could contact us with greater ease, which is why we have added the free quote scheduling opportunity as well. We're very pleased with the results and we're happy to hear that our customers are loving it as well."

The newly rebranded website of Handi Commercial Cleaning and Supply clearly highlights the different services that the company offers. These include commercial cleaning, green cleaning, janitorial services, and commercial carpet cleaning. The company is also fully licensed, insured, and bonded. They are so confident about their skills that they even offer a 100% satisfaction guarantee.

Those who have worked with the company have left a plethora of raving reviews. Di S., for instance, says on the company website: "Great job, appreciate seeing the pictures. Its nice to know they understand the scope of work they are doing and doing a fine job too. This was a success. Heits is a great company to have chosen to do the job needed and do it correctly."

Handi Commercial Cleaning and Supply has now also been listed on Home Advisor. This is a third party website where people can review the services they have received from different companies. The listing provides a comprehensive description of who they are and what they do, including which areas they serve. Furthermore, it lists their various accreditation, certifications, and credentials. "We want to make sure that people can see exactly who we are, and what they can expect from us," adds Robin Handy. "Listing on Home Advisor was the most comprehensive way of doing that."
