August 17, 2017 - PRESSADVANTAGE -

Ashley Bridget, a business in Fort Lauderdale, FL, is happy to announce the launch of their new hair tie bracelet in rose gold. The bracelet is currently available on the Amazon Marketplace as well as through Ashley Bridget's official website.

A unique product, these hair ties are the perfect combination of style and functionality - doubling up both as a bracelet as well as a hair tie.

Scott Hutchison from Ashley Bridget says: "Our main objective has been to put the common hair tie a bit more fashionable. Since most women wear their hair tie on their wrists when not in use, our attractive bracelet makes for the perfect functional accessory.?"

The new skinny elastic holder bracelet is available in three different colors - rose gold, gold, and silver. Perfect for gift giving, the hair tie comes in a gift box accompanied by a certificate of authentication. The product can be used in two ways, as a hair tie as well as a bracelet. When not being tied around the hair, the hair tie can be securely wrapped inside the outer circumference of the metal cuff and used as a bracelet instead.

These hair ties have a diameter of 2.75 inches (6.985 cm) - making them a large enough for more wrists. These bracelets can secure one small to medium sized hair tie.

Ashley Bridget's brand ethos is creating functional jewelry for the modern woman. Renowned for their exquisite designs and affordable collections, the company is bringing forward a collection of jewelry that is both beautiful as well as practical. Besides bangle holders, they also offer chokers, anklets, watches, and more.

The product is already proving to be a big hit with buyers with one reviewer on Amazon stating, "If you do wear a lot of jewelry, it's such a classic design that it wouldn't clash with other pieces. It fits perfectly and looks way more expensive than it is." The hair tie bracelet collection along with the rest of Ashley Bridget's fashion accessory line can be found at the company's official website or at the Amazon Marketplace.
