

Ashley Bridget Launches Functional Jewelry Built For Modern, Active Women

August 29, 2017

August 29, 2017 - PRESSADVANTAGE -

Ashley Bridget, the fashion accessory brand based in Fort Lauderdale, FL, is happy to announce the launch of their new functional jewelry line that is built to fulfill the needs of the modern, active women. The product line consists of their exclusive collection of skinny cuff elastic bangle bracelet available in three colors - gold, silver and rose gold.

According to their spokesperson Scott Hutchison, "The modern woman is active, career oriented and always on the go. Anything that she owns, if it can double up as something else, is considered valuable. Our focus has thus been on building jewelry that marries functionality with style.?"

Ashley Bridget is a brand geared towards creating products that have the right mix of elegance and practicality that perfectly fits the needs of busy women who can't be bothered to keep their hair tie out of reach. This skinny hair tie bracelet is an excellent way of wearing one's hair ties without making it look shabby or crude. Instead, the bracelet cuff provides a touch of class that elevates any outfit it is paired with. Ultimately, these hair ties are the perfect combination of style and functionality - doubling up both as a bracelet as well as a hair tie.

These hair ties have a diameter of 2.75 inches (6.985 cm) - making them large enough for most wrists. These bracelets can secure one small to medium sized hair tie. The bracelet has been designed such that the cuff can hang around the wrist without slipping off. Whenever one doesn't require their hair tie, they can wrap it around the ends of the cuff in a secure manner, without having to worry about the band falling off.

Says Scott, "By creating our holder cuff bracelet, we have tried to fulfill the needs of women who lead an active lifestyle and need their products to do double duty." Ashley Bridget's jewelry collection can be found on their Amazon storefront.
