September 01, 2017 - PRESSADVANTAGE -

Odessa, TX digital marketing agency Roy Wingate Dental Consultants has announced that they have released a new video on YouTube relating to affordable orthodontics. The video, which can be accessed at https://www.youtube.com/watch?v=4pc_m_gka-A, is focused on orthodontics services in Weatherford, TX. This is part of Roy Wingate's marketing efforts for the newly launched Affordable Orthodontics Weatherford website.

Roy Wingate, owner and founder of the consultancy agency, says: "What my company does, is create fully functional websites, press releases, videos, and content and we then ensure that these sites rank highly on Google. Once they do, they become available for rental for companies, in this case orthodontic clinics in Weatherford, TX. The latest video is now live, and can be rented and set up in as little as 24 hours."

The system used by Roy Wingate Dental Consultants is quite unique. Rather than building websites targeted specifically at a unique client, which takes a great deal of time and effort before results become visible, they offer websites that are already successful, which clients can then rent for a period of time. Full details about their system can be obtained through their website at <https://roywingatedentalconsultants.com/>.

While this concept is unique, it has been proven to be very successful. The new video, for instance, which has only recently gone live, has already received multiple views. Both the video and the website it refers to already have significant page authority and are easy to be found. This is the turnkey solution that the consultancy agency offers, seeing it as a clear road map to success.

"Targeted visibility gets targeted leads," adds Roy Wingate. "You need one to get the other. Classic chicken and egg case. And that's why our Street Credibility Bundle is so powerful. It's not about volume of leads. It is really about maximizing your online exposure to highly targeted 'Perfect Clients'."

Those interested in renting the video and website, or to otherwise work with Roy Wingate Dental Consultants, are encouraged to contact the company as soon as possible. The system can be set up in as little as 24 hours.
