

Kansas City Roofing Company Rated Number One On YP.com

September 12, 2017

September 12, 2017 - PRESSADVANTAGE -

Armor Roofing LLC in Kansas City, Missouri, has achieved a five-star review rating at the popular YP.com website. The Yellow Pages site offers information for consumers on local businesses and rates those businesses based on positive or negative reviews that are received from customers.

"We are thrilled to receive this business rating from our customers," says Shawn Obermann, a representative for Armor Roofing. "We always go above and beyond to ensure that our customers are always satisfied and we're glad that we have earned this amazing rating."

Obermann states that the company's website offers more information about what they do. The website provides location information as well as helpful tips and articles that are written with the customer in mind. Those who need to obtain information on reliable roofers in the Kansas City area can check out the section in the company website that has been specifically designed for that.

"Unless you are a professional contractor, you don't always know what to look for with regards to roofing problems," says Obermann. "We wanted to offer our customers a little more information on how to spot those

frustrating roof leaks and other issues and a bit of advice on how to choose a contractor, not to mention an outline of our credentials."

Obermann says that the information provided on the company website is designed to help customers determine whether they need a complete new roof installation or a minor repair. He states that this kind of dedication to their customers is what has kept them in business for nearly 30 years and what has earned them this prestigious ranking with the Yellow Pages.

Armor Roofing LLC offers roofing repairs and replacements as well as work on gutters, siding and general home improvement. The company provides their services throughout Kansas City as well as Olathe, Kansas and Springfield, Missouri. Obermann says that they hire only the most skilled and dedicated professionals on their teams and that all roofers are certified for the jobs that they provide. Those interested in learning more about the company or the services that they provide can visit them on their official website at kansascity.roofsareus.com.
