

Water Damage Restoration Company In Panama City FL Launches Mobile App

September 19, 2017

September 19, 2017 - PRESSADVANTAGE -

Disaster Response Team 911, a water damage restoration Panama City FL company, is proud to announce that they have recently developed a mobile app for their emergency services. The app has been in development for some time now but with the damage wrought by Hurricane Irma, the company felt that it needed to be completed much faster. It is now available to download for free through the App Store and the Play Store.

Mark Broersma from the Disaster Response Team 911 says: "Hurricane Irma was truly a gigantic storm, and it showed just how vulnerable Florida is to Mother Nature's fury. We also saw in the Caribbean that many networks went down, so we felt it was time to have an app available, thereby ensuring more people would be able to contact us straight away, even if their computers were broken or the telephone lines are down."

The company offers assistance in a variety of disasters. Water damage restoration is one of their key services, but they also provide services for fire damage, mold damage, biohazard and hazmat cleanup, and storm cleanup. The latter has proven to be particularly important following Hurricane Irma, and the company has found itself incredibly busy after the storm. Indeed, their app has been downloaded and used numerous

time following Hurricane Irma. As such, in terms of damage restoration Panama City FL residents know that they are fully covered.

Those who have used the services of the company have been full of praise about the company. Jordan B., for instance, says on the company website: "DRT offers the optimal solutions to your home after any catastrophic event, such as fire damage or flooding. They help people get back on their feet and restore their home to looking brand new."

When it comes to disaster response Panama City FL is in need of companies like Disaster Response Team 911, because when Mother Nature strikes, she often strikes very heavily. Mark Broersma adds: "Florida has seen some very serious storms over the past few weeks, months, and years. We know how to respond to this, and whatever is broken is simply rebuilt. That is what we do."
