July 09, 2015 -
Energio is proud to announce that they have just received their 200th product review on their Amazon listing on July 7, 2015 for their flagship product, the Energio SLIM portable charger. Out of the the 200 reviews, 154 reviews are rated 5 stars and 22 reviews are rated 4 stars.

With 89% of the product reviews being rated 4 stars and 5 stars, the Energio SLIM has proven itself to be the choice power bank of many. In fact, a few Amazon customers have commented that the Energio SLIM is the best portable charger that they have used so far.

One Amazon customer, Gerrianne P. Millera, in the her review of the Energio SLIM on Amazon, comments: "I have purchased some power banks in the past and been extremely disappointed because they either broke fairly quickly or they never charged the phone enough. This little charger by Energio is the bomb! It is portable, slim, and charges the phone fully in a short time. It has a built-in USB cable so you don't even have to carry that cable around. It fits perfectly in my purse and I never have to worry about a dead phone again. It is well made and built to last.?

Another Energio SLIM user, Skyla Rivera, has the following sentiments about the Energio SLIM: "This is one of the best portable chargers I have, the only drawback is that it is a pain to recharge because the charger doesnt fit into it well, have to position it correctly so that it does not slide out right away. aside from that it would be a 5 star review for this item. i overlook the flaw because this is easy to carry and charges my phone FAST on a full charge increased my phone battery life from 3% to 78% so I deal with the small design flaw and carry this for daily use."

With a capacity of 3850mAh, the Energio SLIM can give a full charge to any medium sized cellphone such as the Samsung Galaxy S6 or the Apple iPhone 6. It also has an inbuilt proprietary software that regulates voltage, temperature and current to ensure charging is both safe and fast.

The Energio SLIM is available on Amazon and comes with a 100% money back guarantee and one year full warranty at http://www.amazon.com/Energio-Portable-Charger-Micro-USB-Lightning/dp/B00LKDZZTW.
