

ReNew 1-Day Dentures Announces Chief Clinical Director

September 28, 2017

September 28, 2017 -

ReNew 1-Day Dentures today announced the appointment of Dr. Camillo DiLizia as Chief Clinical Director for ReNew's National Anchored Denture Centers. Dr. DiLizia brings 30 years of dental innovation to patient treatment and care.

In this role, Dr. DiLizia will oversee all aspects of dental implant patient care to ensure the highest possible standard of treatment. Backed by a track record of innovating high-quality, affordable solutions for people suffering from missing teeth, failing teeth or extreme discomfort from their ill-fitting dentures, Dr. DiLizia and his team have discovered a revolutionary way to anchor dentures on dental implants, giving patients the security that's been lacking with traditional slip-and-slide dentures. Now known as "The ReNew Way," this process is underscored by an unmatched standard of care for the patient.

For many years, Dr. DiLizia treated patients for years who needed a full mouth restoration but couldn't afford the high price of dental implant treatment. He is proud to be able to offer patients, an implant support

anchored denture at a price most families can afford. "I believe that what we're doing at ReNew is a game-changer for millions of people who suffer from severely challenging dental conditions, often made worse by financial realities," said Dr. DiLizia. "ReNew has recruited a dedicated team of people who put our patients first. Our mission is to improve their lives."

Dr. DiLizia graduated from Fairleigh Dickinson University with his Doctor of Medical Dentistry degree. He then completed a two-year postdoctoral program in the specialty of Prosthodontics which is the science of creating teeth. This additional training, in a formal accredited dental school allows him to deliver exceptional dentistry in the fields of cosmetics, bridges, implant restorations, dentures, bite balancing and total general dental care for overall dental wellness. Dr. DiLizia furthered his pursuit of excellence in dentistry through premier continuing education seminars by the Dawson Academy, USC School of Dentistry Implant Symposiums, and the South Dakota Implant Institute.

Dr. DiLizia looks forward to helping patients across the country get the smiles they deserve. "I invite everyone who needs help with their smile to come in and see us in Colorado Springs and soon in Northwest Denver. Anybody who is unhappy with their teeth or dentures owes it to themselves to stop in, meet us, say 'hi', let's talk about what we can do to help you out."

For more information, or to make an appointment, patients can call the practice at 833-MyReNew, or visit the website at <https://renew1daydentures.com>.
