October 10, 2017 - PRESSADVANTAGE -

O'Neill's Chevrolet-Buick, a dealership in Avon, CT, is proud to announce the availability of the completely redesigned 2018 Chevrolet Traverse. The vehicle has now been listed on their website, where people can view all the relevant details. Alternatively, they are welcome to come to the showroom itself and see what it's all about.

Sean Sullivan, President and General Manager of O'Neill's Chevrolet Buick, says: "General Motors really did a fantastic job when it redesigned the 2018 Chevrolet Traverse. Seeing the pictures before release I knew it would be a hit, especially here in the greater Hartford CT area, but when we began taking delivery actually seeing it on the lot and driving it ... I couldn't be happier to offer this vehicle to Chevrolet shoppers all over Connecticut."

The dealership's current 2018 Traverse inventory is growing. It is the fourth midsize SUV that Chevrolet has updated and it is set to be as popular as the previous models. The dealership, meanwhile, encourages everyone to come visit them at the showroom and see what the hype is all about.

O'Neill's Chevrolet Buick is one of the most respected dealerships in Hartford County CT and has set itself apart as the go-to place for all things Chevrolet and Buick. Unsurprisingly, they are also one of the first

dealerships in the area to offer the new 2018 Chevrolet Traverse. The SUV, meanwhile, is designed for people who want to get up and go, be that as a family or on their own. As an SUV, it is as suitable for a family trip to the park as what it is as a utility vehicle for those working on a ranch, for instance.

A key feature of the new vehicle is comfortable seating for up to eight people. It has also been listed as best in class for its cargo space. Meanwhile, it comes with up to 14 security features and can also be fitted with 4G Wi-Fi from Onstar.
