October 06, 2017 - PRESSADVANTAGE -

Solana Family Dental, a clinic in Solana Beach, CA, is proud to announce that it has been listed as providing the best San Diego dentist in 2017. They have been selected for this by their peers, and the accolade is considered one of the greatest honors in the industry. The recognition was given due to the clinic's commitment to excellence for its patients.

Elan Weinstein from Solana Family Dental says: "As a family run business, we are happy to provide a dentist you can trust and can help you keep your teeth looking their best. We are proud to have been recognized for this and we encourage anyone to visit our website to book in for a free consultation with one of our dedicated dentists."

Solana Family Dental is a comprehensive dental clinic that places the interest of patients at the heart of everything that they do. Dr. Sandler, in particular, has developed a range of specialized services to ensure the clinic's patients' needs are always met. To achieve this, ultramodern technology is used across the board, as well as meeting all the relevant best practice standards. Elan Weinstein adds: "We focus on practices that conform to high dental standards to ensure that you leave the clinic more confident, and all the more, safe

from any possible complications."

The clinic is also known for its sensitivity to people who are quite fearful or otherwise apprehensive, which is common with many people. The goal is to ensure that patients are at all times comfortable, while their individual needs are also addressed in a manner that they understand. These are all things that the clinic has been recognized for numerous times. In fact, they now exceed 600 five star reviews.

Patient Kiley J., for instance, says on the clinic's Google page: "Everyone is very nice and helpful. Liz was so helpful in assisting me with everything relating to my insurance and verifying that I was covered. Dr. Sandler caters to my low pain tolerance and fear with being very gentle. You guys are great, thank you."

People are encouraged to contact the clinic for an initial consultation.
