The Baltimore Plastic and Cosmetic Surgery Center, based in in Lutherville-Timonium, MD, is proud to announce that their lead surgeon, Dr. Jeffrey Schreiber, has been selected for the 2017 Best of Lutherville-Timonium Awards for Cosmetic Surgeons. This is the seventh year in a row that he has been selected for this award. As a result, he now qualifies for the Lutherville-Tominium Business Hall of Fame.

Dr. Jeffrey Schreiber himself says: "I am so proud to have received this award for the seventh year running. Very few have been able to achieve the same, and having now been included in the Hall of Fame is just the icing on the cake. Of course, I couldn't have done it alone, so I also want to thank my staff for their continued hard work and dedication, and our patients for their trust."

The award has a very strong strategic value. It enables the clinic to set itself apart from the rest of the competition, demonstrating their high quality and trust. As such, it can also be used as a sales tool, to demonstrate to patients that there is no better place to go for their treatment. The free publicity that the award brings, as such, is invaluable.

The key reason why Jeffrey E. Schreiber, MD, FACS has received this award for the seventh time is because he offers a service that each of his patients has been raving about. One happy patient says on RateMDs, for instance, "I am truly happy with my results. The staff was exceptional. I would recommend Dr. Schreiber for any body work. I absolutely loved his bedside manner. I am also grateful for how he handled me post op. Love love love him."

The Best of Lutherville-Timonium panel looks for businesses that are consistently hailed for their fantastic service in a range of third party locations. Dr. Schreiber has been reviewed on virtually every platform that exists, covering a wealth of different procedures for patients from a variety of different demographics. The clinic declares that he truly deserves his place in the Hall of Fame, therefore, and that the Lutherville-Timonium community wholeheartedly agrees.
