June 24, 2015 - PRESSADVANTAGE -

JJ Union Nails a Honolulu, HI company has added massage services to the manicure spa in the Union Mall at 1136 Union Plaza, which is in the Union Plaza building in downtown Honolulu, Hawaii. The expansion of services has provided customers with several options for a full-body massage, a foot massage and a shoulder massage. The customers can phone (808) 536-0900 to schedule a massage or may book online with the form for appointments on the spa website.

During a limited promotional period, the staff is offering discounted prices from \$60 to \$70 for the full-body massages that are regularly priced from \$68 to \$78 for a one-hour massage. The prices vary according to the individual services for the different kinds of massages. With a minimum purchase of 60 minutes for a full-body massage, the staff will include an additional 30 minutes for a free foot massage. The massages must be scheduled with an appointment to ensure that a therapist is available for the services.

The full-body massage treatments include the Swedish, deep-tissue, sports, trigger-point therapy, aromatherapy, pre-natal, lomi-lomi, shiatsu, hot-stone and a combination massage. The customers may be

required to disrobe for some of the massage treatments. The professional staff can answer any questions about the massages and want the customers to be completely relaxed while enjoying the special benefits of each treatment. The customers can visit the spa website or phone the spa for more detailed information.

The spa offers foot massage treatments for customers who are seated in the pedicure spa chairs. The massage therapist can massage the foot and lower leg muscles, which will help to improve blood circulation. The treatments are especially beneficial for joggers and for workers who stand during most of a work shift. The customers can also enjoy a foot soak and a back massage with the foot massage. The spa chairs are very comfortable, which helps the customers to relax during a foot soak.

The massage therapist can also give a shoulder massage to relieve emotional tension and to relax shoulder muscles. The customers can sit in a special chair during a shoulder massage, neck massage and back massage. The pressure on the muscles and soft tissue is especially beneficial for workers who must drive to work or spend hours typing on a computer keyboard during most of a work shift. The massages are very convenient because the customers are seated in a massage chair and are not required to disrobe.

The staff at JJ Union Nails can quickly provide details about the different massage services and will help the customers to choose a massage with the most benefits such as for treating sore muscles. The customers can contact the staff at (808) 536-0900 to schedule an appointment or may visit the spa website to book online.
