Star Infiniti has announced that their inventory is getting restocked, in preparation for the holidays. As part of this, one of their most popular items, the colored pencil set, is now once again available through the Amazon marketplace. The set is now flying off the shelves, so people are encouraged to get theirs as quickly as possible.

A representative from Star Infiniti says: "With the holidays only just around the corner, people are starting to look for fun gifts for children in particular. Coloring sets are always popular, so this is the first item that we have re-added to our inventory. We're happy to see that interest for this product continues to be strong, particularly that so many children will be happy this holiday season."

The coloring pencil set comes with 48 colored drawing pencils. Each color is vibrant and each pencil has been presharpener. It is easy to mix and blend the pencils to create unique and beautiful shades as well. Comfortable to hold and strong and durable, they are perfect for budding artists who will enjoy their works come to life and improve over time.

Because the holidays are near, Star Infiniti has also added a bonus gift. The representative adds: "Those who order the pencil set now will also receive a bonus doodle pad and e-coloring book. This includes some 60

pages of drawing so they will always be inspired." The coloring pencils are placed in a convenient carrying case, which helps the children keep their pencils neat, tidy, and organized. It also comes with a full 30 day guarantee, so people can order the set risk-free.

Although the colored pencils set has only recently been made available again, it is already attracting a lot of positive reviews. People hail it for the assortment of colors, "I love the colors and how bright they are," says one Amazon customer, and how great the set is for children of all ages. "This color pencil set is perfect for my kids' playdates. There are 48 pencils in this set, so when I have 4 or 5 kids seated at the table drawing, no one is ever forced to wait for their desired color to become available," says another Amazon customer.
