

Colored Pencils Receive Numerous Rave Reviews

October 23, 2017

October 23, 2017 - PRESSADVANTAGE -

Star Infiniti has recently re-released their colored pencil set on Amazon and shortly after, the product already started to receive a lot of positive attention. Now, just a few weeks after releasing it, it ranks as a 4.7 star best selling item.

"This is not the first time that we have released this set to our customers," says a representative from Star Infiniti. "However, we have made it bigger and better than ever before, including a number of bonus items to make it an even better gift this holiday season."

There are a number of different things that make this particular colored pencil set so unique, and these are precisely the things that people have picked up on. For instance, it comes in an easy to use carry case that also allows the pencils to be properly organized. "I like seeing all of the colors laid out flat in front of me. I don't have to pull them out of a canister container to try to see the full color..." says an Amazon Customer.

Furthermore, the coloring pencil set comes with a number of bonus items, including coloring e-books and a sketch pad. "There are so many beautiful colors that you don't know which one to try first. The addition of the

sketching pad is a big bonus....," says another Amazon customer.

People have also expressed how happy they were with the customer service that they have received from Star Infiniti itself. "Efficient shipping. Just as the description described....," says still another Amazon customer.

The coloring pencils had already been released previously, but Star Infiniti decided to restock its inventory and introduce it to the market again. The representative says: "We believe this is the perfect Christmas gift for children and adults alike. Encouraging people to participate in art, regardless of their skill level, is so important, and we want to ensure people can continue to enjoy expressing themselves."

The colored pencils set is flying off the shelves and people are encouraged to get theirs as soon as possible. That said, Star Infiniti is committed to keeping stock levels replenished at all times. It is expected, therefore, that it will continue to be available right up to Christmas.
