

Amy Witherite Of Eberstein Witherite Applauded For Charitable Efforts

October 30, 2017

October 30, 2017 - PRESSADVANTAGE -

Eberstein Witherite, LLP, a personal injury law firm in Dallas, TX, is proud to announce that their entire team, with the continued support of Amy Witherite, are committed to supporting the community with their charitable efforts. The firm has taken part in various philanthropic efforts and events to help folks in the communities they serve. They see this as part of their mission to Keep Life Running and aim to continue to give back to the community as much as possible.

Lucy Tiseo, the Marketing Director of Eberstein Witherite, says, "Amy really is the driving force behind the company's charitable work. A huge part of our culture is not only taking care of our clients, but also taking care of those in need around us. However, it's Amy who really motivates us. She reminds us why it is important to take care of people and she is always right there at the forefront, never afraid to get her hands dirty. We want to applaud her for that."

Through Eberstein Witherite, LLP, assistance was provided to the Back to School Giveaway at Cavile Place, helping young people return to their school with sufficient school supplies and tools required for a solid education. The 1-800-CAR-WRECK® and 1-800-Truck-Wreck® brands, which are a part of Eberstein

Wetherite, support several community events including sponsoring the St. Jude Evening Under the Stars Fundraiser, DeDe's Ultimate Turkey Giveaway, Stuff the Bus with Dart and providing new jackets to students in Fort Worth ISD. The firm developed the Making a Difference Scholarship, which is a renewable scholarship available to Dunbar high school seniors, who are leaders in their communities.

Lucy adds, "The list of charitable work is almost endless. We are sponsoring DeDe's Ultimate Turkey Giveaway, support Women Called Moses through their Heels to Heal fundraiser and the K104 Charity Bowl-A-Thon, participate in the annual Dallas MLK Parade and so much more."

The fact that Amy Wetherite gives back to the community through Eberstein Wetherite LLP, and is committed to helping those in need shines through in the legal work that she does as well. She has received numerous positive reviews from her many clients. Frances on AVVO says, "Amy is the best. I was very pleased with every piece of service 1-800-CAR-WRECK® offered. Amy is very caring and so is her staff. I work a busy schedule and just couldn't find time to drive to her office ... but I didn't have to. They came to me. What a way to make it convenient. Amy and her staff made me feel like "family"."
