

Cruvina Shatterproof Plastic Cocktail Glasses Are Now Available On Amazon

October 17, 2017

October 17, 2017 - PRESSADVANTAGE -

Cruvina, providers of shatterproof plastic glasses, announces that their Tritan cocktail glasses are available on Amazon. Co-Founder Erin Moore says "The retail business is changing. No longer are customers shopping only in local stores. Online shopping offers them the convenience of shopping any time. Plus they can have access to a wider variety of choices. We are pleased to be able to offer our product to customers through Amazon. Amazon is a global distributor with a great record for customer service. Now we have the means to get our high-quality plastic cocktail glasses into the hands of customers worldwide."

The Cruvina Cocktail Glass Set consists of four flat-bottomed cocktail glasses made of Tritan plastic, a high-quality, food-grade, BPA-free polymer. They are both odor-resistant and scratch-resistant, and can stand up to being washed in the dishwasher. Designed with anti-tipping technology and a comfort spill-guard rim, the risk of party mishaps or broken glass is reduced. This allows for stress-free entertainment in any setting, from a formal dinner party to an afternoon picnic in the park.

Says Ms. Moore, "A high-quality set of unbreakable cocktail glasses can be difficult to find. Many customers have shared with me their disappointment when they discovered that the plastic glasses they had purchased were in fact flimsy or ugly. This is not the case with our product. The Tritan plastic we use has been shown to effectively resist stains and odors and stand up to rough handling. And the shape and feel of our tumblers is comfortable, yet light. In fact, your guests may mistake the plastic glasses for the real thing at first. I am so pleased to be able to offer our set on Amazon.?"

Cruvina cocktail tumblers come with a 30-day money-back guarantee.
