March 29, 2018 - PRESSADVANTAGE -

123 Quick Print, a business in East Orange, NJ, has announced the launch of their new holiday themed business stationery. This includes envelopes, cards, and letterheads. Additionally, customers can choose from a variety of personalized holiday cards. More information about the stationery and personalization options can be accessed through the company's website at <http://www.123quickprint.com>.

Clinton Robinson from 123 Quick Print says: "Stationery means the letterheads and cards that are sent and exchanged in holiday spirit among family members and friends. Instead of sending plain stationery, the holiday spirit can be better spread by sending personalized stationery designed for the holiday season."

The company has observed that personalized holiday cards are proving to be particularly popular. These give the cards a special touch, helping them stand out during the holiday season. There has been a significant increase in demand for holiday cards, and this means that many firms now offer them both online and offline. Usually, these are silkscreen printed, using bright white and cream papers.

"The printing firms of holiday themed stationery have separate categories for different seasons and holidays,"

explains Clinton Robinson. "The holiday card gets a better look if you also get a matching envelope lining for the card. This also enhances the holiday spirit with both a holiday spirited card and envelope."

123 Quick Print has also released information and advice to make sure that people know how to design the right card. This is available on their website at <http://www.123quickprint.com>. For instance, they recommend that a logo and picture of a department, company, or organization be included as well. This adds another personal touch. Furthermore, the same logo can also be printed on holiday themed letterheads and business cards during the holiday season.

Clinton Robinson wants to ensure that, this holiday season, all businesses would be able not just to advertise their brand, but also spread a little holiday joy. He adds: "It is the season of giving and sharing, and our stationery ensures that businesses can give a little love to those whom they communicate with." People are encouraged to check the 123 Quick Print website for more details.
