October 30, 2017 - PRESSADVANTAGE -

Elaine White Homes, a realtor in Flower Mound Texas, has announced the launch of their brand new website. The new website explains a number of important issues, such as why a realtor continues to be important in real estate deals and some details about the Flower Mound area. Additionally, the site includes a listing search for both existing and new build properties, resources for buyers and sellers, and more.

Elaine White herself says: "These days, it's possible to sell a home without hiring a real estate agent. However, it's not usually the smartest strategy. There are still a lot of excellent reasons to hire a real estate agent. My new website perfectly highlights some of those reasons, while at the same time allowing you get to know the Flower Mound area."

Elaine White Homes is a real estate agency that strives to deliver a personal service that is tailored to clients' individual needs, while remaining affordable at the same time. Elaine White is known for her friendliness, her warmth, and her caring nature, and also for her extensive knowledge of the Flower Mound area. She also covers the Tarrant, Denton, Collin, and Dallas counties.

Elaine White Homes is part of the greater Keller Williams network, which is a trusted realtor that operates all over the country. It was on their suggestion that she decided to develop a brand new website. White adds: "It was about time that we established an online presence, and we feel our new website achieves that. We have also signed up to various social media accounts, which will make it a lot easier for people to contact us with any questions they may have."

The Flower Mound real estate agent has been in the business for many years. During that time, she got to know the area like the back of her hand, and there is not a neighborhood in the area in which she hasn't sold at least one property or found one family a home to live in. She states: "Flower Mound is my home and I am honored to be able to help others find their home here as well."
