Discreet Plastic Surgery, a clinic in Manhattan, NY, is proud to announce that they have made some upgrades to their website at http://discreetplasticsurgery.com/. As a result, the site now enables people to book their free consultation directly. This enables them to book at a time that is convenient to them.

A representative from Discreet Plastic Surgery says: "We have been offering a free consultation for some time now, but it would require people to contact our office first to schedule it in. We now have new scheduling technology available on our website that removes this necessity. We have already seen this improve our overall efficiency, with our reception and administration staff having more time to focus directly on patients."

As the name suggests, the plastic surgery clinic delivers discreet services. This means, on the one hand, that they offer procedures that make people look their best. On the other hand, it also means that they value their patients' confidentiality and will never reveal the names of those who have undergone plastic surgery. This commitment has made the clinic unique in the community.

The clinic offers a huge variety of plastic surgery procedures. They are delivered by their two specialists, the

first being Dr. Daniel Kaufman. He specializes in aesthetic surgery and body contouring. The second specialist is Dr. Hardik Doshi, who is an expert facial plastic surgeon. Both surgeons are experts in their field and are committed to keeping their knowledge up to date, always focusing on the latest state of the art technology and medical tools.

Those who have had procedures completed with Discreet Plastic Surgery in the past have been wholly satisfied with their experience and the results. Aoife C., for instance, says on Yelp: "Dr. Kaufman is the most caring and wonderful doctor I've ever known. He makes you feel comfortable and takes time at appointments to answer any questions. I've been seeing Dr. Kaufman for over 5 years now and am always so happy with his work and my results. It's always a pleasure to see him and his caring staff at my visits."
