

North Jersey Plumbing Company Now Available for Same Day Emergency Service

June 30, 2014

June 30, 2014 -

POMPTON LAKES, NJ--June 28, 2014-- Homeowners and Property Managers in Northern New Jersey are relying on the experts from Ben Franklin Plumbing to solve emergency plumbing problems quickly. The family-owned company has been serving the area for more than thirty years, earning a valued reputation in the community. Achieving accreditation with the Better Business Bureau in 2003, the company has a perfect record of service.

Specializing in same day service calls, customers contact Ben Franklin Plumbing NJ to solve issues that require immediate attention, such as clogged drains, burst pipes, leaky faucets, sewer overflow, and water heater failure.

Ben Franklin Plumbing addresses the demand for a North Jersey Plumbing Company that can offer drain cleaning and other common plumbing services done quickly and affordably. Their large, knowledgeable staff is made up of plumbing technicians with a high level of experience. Only the highest quality parts are used for repairs and replacements, to ensure long-lasting performance. All of the parts and service are backed by a money-back satisfaction guarantee.

Property owners who wish to learn how to perform simple diagnostics and repairs on their own, can check out Ben Franklin's website and YouTube channel for guides and videos that explain the basics of plumbing. Ben Franklin Plumbing is the only North Jersey Plumbing Company that offers such feedback and interaction with the community they serve.

For more extensive work, such as water heater repair or replacement, the services of a professional plumber are highly recommended. Water heaters can be extremely dangerous when in a state of disrepair, and owners are cautioned against attempting these repairs on their own. In some cases, property damage or even personal injury can result if malfunctioning water heaters are not addressed quickly. Ben Franklin Plumbing is the North New Jersey leader in water heater replacement. They offer state-of-the-art tankless heaters, plus repair and installation services for electric water heaters and gas water heaters.

About Ben Franklin Plumbing

Ben Franklin Plumbing offers a range of comprehensive solutions for drain cleaning. A technician will inspect the drain line and use a camera if necessary to view the location and extent of the problem. The customer is given several options for drain cleaning, including cable snaking, and high pressure cleaning of grease and buildup. Homeowners in North New Jersey who need drain cleaning services can normally have a Ben Franklin technician at their home within a few hours.
