

Renew Implant Anchored Smiles Expanding to Denver Market

November 29, 2017

November 29, 2017 - PRESSADVANTAGE -

Centennial-based firm will deliver affordable, leading-edge anchored denture solutions through two new centers in metro Denver.

CENTENNIAL, CO (Nov. 29, 2017) -- Renew, LLC today announced it is bringing its secure, anchored denture solution to the Denver area, in response to market demand and success attained in Renew's inaugural Colorado Springs location.

Renew's breakthrough product is a technologically advanced approach to full-mouth restorations that gives patients an implant-supported, removable anchored denture at one-quarter the price of other dental implant options.

"We are excited to bring the Renew solution -- now the preferred alternative for individuals living with traditional dentures, partials, or experiencing significant tooth loss -- to the Denver area," noted George

Metanias, Chief Executive Officer at Renew. "Denver is a logical choice for our expansion because it's home to some of the most health-conscious people in the country."

"A person's teeth are the entry point to healthy eating and overall physiological well-being. Too often, deteriorating dental conditions prevent people from doing the things they once enjoyed. Renew exists to change the lives of our patients and it all starts with a healthy mouth and confident smile." Metanias noted that the new Renew clinics -- which offer free consultations and 3-D digital imaging -- will give residents greater access to affordable, critically-needed smile replacement services. "Renew's treatment can deliver better stability, comfort and superior aesthetics at an affordable price. Renew patients benefit from our advanced anchored denture technology, two-doctor approach, and on-site dental lab. The on-site lab provides Renew the ability to deliver intensive customization, convenience and value for patients."

Renew's Arvada Clinic will open Dec. 27th, 2017 at 6850 W. 52nd Ave., approximately 10 miles northwest of Denver and a short 25-minute drive from the Boulder area. Renew Aurora is targeted to open Feb. 4, 2018 at 13750 E. Mississippi Ave. Renew has been operating in the Colorado Springs market since 2015.
