December 20, 2017 - PRESSADVANTAGE -

Versatile Services Online has announced that they are now offering Minneapolis, Minnesota based services for those in need of a carpet through its Best Carpet Stores Near Me website. The company is now offering free estimates for carpet replacement and installation and provides professional installation of a number of carpet types.

"We deal with the highest quality of carpet," says Jeff Mork, a representative for Versatile Services Online. "Our carpet types include plush, texture, pattern, frieze, twister, Berber, loop and indoor/outdoor carpets. Whatever you need for your home decor, we have it in stock and will set you up for installation sometimes as early as the next day."

Mork says that the company also offers free in home estimates where a service technician will bring carpet samples so that customers can see the specific type and color of carpet that they are considering and see it next to their home furnishings to determine if this is indeed what they are looking for.

"We want our customers to be completely satisfied with the services that they receive from us," says Mork. "We often go out of our way to make our customers happy and we simply wouldn't have it any other way. From our in home estimates to our easy financing options, our goal is to give you the carpet that you want as hassle free as possible."

Mork says that home and business owners in the Minneapolis area can now contact the company to schedule their own in home estimate, by phone or on their website. No word was given on other areas that the company plans to expand to, but they state that they are already offering services in a number of states and cities across the nation. In addition, their website provides shopping information for consumers such as how to shop for carpet and what price one should pay for carpet installation.

Consumers in Minneapolis and other areas who are interested in learning more about the popular carpet company can visit them on their official website. The company also provides information and tutorials on their

YouTube channel. Consumers interested in learning more can check the company's videos at YouTube - Versatile Carpet Store.
