

Carrollton Foundation Repair Company Receives Five Star Review

January 02, 2018

January 02, 2018 - PRESSADVANTAGE -

The GL Hunt foundation repair company in Carrollton, TX, has been in business for almost three decades. Over that time, they have set themselves apart as the go-to source for foundation repair services in the area, and they have built a solid positive reputation. Yet even after all that time, the company continues to be exceedingly grateful to its customers. The company has recently received a new five star review, and they wish to show their gratitude in relation to this.

Gary Hunt, owner and founder of GL Hunt, says: "We believe that our experience and professionalism make the difference. We know all there is to know about foundation repair, and we take great pride in what we do. But for all our expertise, we would be nowhere without the continued trust and support of our customers. Hence, we want to say thank you to Julie for leaving us such a glowing review."

In the review, Julie, like many before her, describes how happy she is with not just with the foundation repair work that has been done for her, but also how easy it was to work with the company itself. She says: "Our doors were sticking out and our windows wouldn't shut. We called GL Hunt and they came out in a couple of days and got us all signed up. We took advantage of their awesome financing and definitely feel more secure

knowing that we fixed the problems before it got any worse."

GL Hunt offers a range of different foundation repair services, and they also aim to help people increase their own knowledge on foundations and when repairs are needed. They have a wealth of information available on their website to help people identify interior and exterior foundation issues to be aware of. Additionally, they offer free, no obligation quotation for foundation repair, pier and beam foundation repair, and mud jacking services. They encourage anyone to contact them as soon as possible to find out about their easy financing options and professional services. Gary Hunt says: "We like to see ourselves as part of the Carrollton community, so do not hesitate to contact us if you have any questions at all."
