January 11, 2018 - PRESSADVANTAGE -

Elaine White Homes, a Flower Mound, TX realtor and part of the wider Keller Williams organization, is proud to announce the listing of a new featured property as well as a new feature on her website. The property is both beautiful and luxurious and ready for buyers to move in. The realtor encourages those interested to contact her for further information and to arrange a viewing. The new home construction feature will help those looking for more options in the home buying process.

"The new featured property is unique and we know it will get snapped up very quickly," says Elaine White. "It offers everything a family could possibly need in terms of a home, not just in relation to the property, but also with regards to the location and nearby amenities. Do contact us to arrange a viewing."

The featured property that the Flower Mound realtor wishes to highlight is at 1001 Payton Lane, Euless, TX. This RES-single family property is available for \$365,000 and features three bedrooms and three bathrooms. Elaine explains: "This is an absolutely gorgeous home in a lovely neighborhood, built in 2015 and better than new with many additional features added by the seller. The eat-in kitchen features granite, upgraded stainless appliances, island and breakfast bar, and opens to a spacious living area with fireplace, beautiful hardwood floors, and an abundance of natural light."

The new website feature at <https://www.elainewhitehomes.com/dallas-fort-worth-new-home-construction/> allows potential buyers to connect with homebuilders to help determine if they would like to go with new home construction rather than buying an existing home. Anyone interested in this new feature should check out the web page to learn more.

The new featured property and new home construction feature were added after the realtor launched her personalized website. Full details about this launch are available at <https://www.pressadvantage.com/story/18988-flower-mound-realtor-launches-new-website>. Clearly, the launch of the website is already proving to be highly successful, with numerous sellers contacting Elaine for assistance, and numerous prospective buyers contacting her to arrange a showing or viewing of the

properties they are interested in.
