

Restaurant & Cafe Supplies Online Launches New Line Of Metal Table Tops

January 03, 2018

January 03, 2018 -
Garland, TX -- Restaurant & Cafe Supplies Online has announced the launch of their new line of table tops made with printed metal. They are now available on the company's website.

The table tops come in a number of specific designs, although custom designs are available for orders over 50 pieces.

Doug Stoutenburg, founder of Restaurant & Cafe Supplies Online, says: "Our table tops made of galvanized metal exude a modern style while being durable and easy to clean. They work with nearly any style of restaurant and we offer an array of sizes and shapes for you to choose from so you get the kind of metal table top that you want."

The company offers a range of metal table tops with prints, which are proving to be particularly popular. Customized table tops are made to order and can be fitted with any kind of design. Customers can choose to provide their own artwork or, if they do not have any artwork, Restaurant & Cafe Supplies Online can point them to people who can create artwork for them. These table tops come in three different sizes to

choose from.

Those who have ordered from Restaurant & Cafe Supplies Online have been incredibly pleased with the table tops they have received. Trent, for instance, says on the company website: "Just wanted to let you know the table top looks great. I built a standing desk with manual adjustable base and added a power strip with cable management to the back. It's a comfortable workspace and looks sharp."

Restaurant & Cafe Supplies Online regularly works with restaurants and other such establishments. They have developed a reputation for high-quality products, and are well known for their reclaimed wood products. The addition of printed metal table tops is likely to be welcomed by their many customers, many of whom use the company's products to create unique looks and feels for their restaurants.

Stoutenburg adds: "We look forward to creating some amazing designs for commercial facilities and restaurants."
